2019. Test Design and Assessment of Language Proficiency, NS3033, 7.5hp, Stockholm University (first level). Co-instructor.

2017-2019. Writing Skills and Reading Ability I & II, Qualifying Course in Swedish for University Studies, NS0333, 9hp, Stockholm University (preparatory level). Sole instructor, responsible for designing syllabus, delivering lectures and assessing student performance.

2010-2017. Teacher of Swedish as a Second Language in municipal adult education, Stockholms intensivsvenska för akademiker (SIFA), Stockholm. Teaching basic and upper secondary courses in

Swedish as a Second Language, as well as vocational language courses for teachers, economists, lawyers and social scientists.

1.2 Pedagogic education, competence development and professional development

2019. Professional development course, UL1, 7.5hp, Centre for the Advancement of University Teaching, Stockholm University.
2019. Workshops for university teachers organized by the Centre for the Advancement of University Teaching, Stockholm University. The seminar as a teaching activity; Quick facts, Source criticism and Plagiarism in Higher Education; Develop stronger presentation skills.
2010. Master of Education, Swedish as a Second Language, Spanish, French, Community Pedagogy, University of Gothenburg.

1.3 Pedagogic development work

2025. Statistics and Statistical Research Methods, CT192FT, Stockholm University. Co-developed the course with two colleagues, including course schedule, assignments, seminar structure, examination formats, grading criteria, and reading list.
2025. Language, Diversity and Working Life, CT1013, Stockholm University. Re-structured the course in terms of schedule, course assignments, and examination forms, in line with new course plan (from online course to summer course). This further involved updating grading criteria and the literature list.
2023. Language Psychology, NS5004, Stockholm University. Made adjustments to harmonize learning objectives, grading criteria and literature list with those of a parallel course in Psycholinguistics (NS2031), ensuring an integration for joint instruction.
2022. Psycholinguistics, NS2031, Stockholm University. Re-structured the course in terms of schedule and course assignments, based on course evaluations where students had highlighted the need for longer preparation time prior to oral exams, as well as a need for more profound discussion of the required reading.
2022. Assessment of Language Proficiency, NSS204, Stockholm University. Updated learning objectives, grading criteria and literature list together with colleagues, to facilitate the design of alternative final exams and make assessment criteria more transparent to students.

1.4 Production of teaching materials

2026. Produced workflows and tutorials for forced alignment, boundary corrections and extraction of acoustic cues for ongoing phonetic projects at the Department of Linguistics and Scandinavian Studies, University of Oslo.

1.5 Pedagogic collaborations

2025. Pilot Mentor Program for PhD Completion. I was commissioned to act as a guide for PhD students at the Department of Swedish Language and Multilingualism, Stockholm University, approaching the final phase of their doctoral studies. The role involved sharing practical knowledge and offering support in workshops and meetings.
2025. Workshop in LaTex and Overleaf for PhD students at the Department of Swedish Language and Multilingualism, Stockholm University. Planned and delivered together with Gunnar Norrman.

2023-2024. Guest lecturer at Brain and Cognitive Sciences, University of Rochester. I gave a seminar on low-level auditory normalization for undergraduate students in the course Language Use and Understanding.
